Mr. Mason, you were not on this email chain. Anything we can do to get ahead of this for you? Are you already aware of it?

LuAnn,  
All MA's are being working at the State/Regional level right now. I just checked WebEOC and it states that the ESF 9 MA is on hold.

There is an RFF on the board for ESF #10 but it is for EPA right now. I know there is discussion at HQ level that USCG may want their own MA. I'm not a part of that discussion right now.

Please let me know what MA's you may be working on at State, Regional and FSARCG levels. I see an MA for \$500K on the board for "motorized boating crews" and I'd like some clarification on that one.

Thanks!
